

HIGHLIGHT

inits

Who are you?

INITIS Group is a service company supporting its clients across the entire pharmaceutical development chain for biological drugs (C>, mAbs, EVs...).

We are a team of nearly 30 and have supported around 250 clients in France and abroad.

INITIS Group has two subsidiaries : **INITIS Consulting** and **INITIS SMO**.

What is your expertise?

INITS Consulting: experts in CMC, Regulatory, Clinical Supply, Quality Assurance, and Audits.

INITS SMO (Shared Manufacturing Organization): an innovative service model in biomanufacturing, allowing biotech companies to produce their own preclinical/clinical DS batches with full support (QA, Supply, Regulatory, Training) in a controlled environment.

What are your key products or services?

INITIS Consulting: we support biotech companies in their pharmaceutical development on CMC, regulatory, quality and clinical supply topics to ensure their success.

INITIS SMO: We offer a fully-integrated service, from raw material supply to product certification. Our SMO unit will be operational in **Q2 2026**.

Can you sum up your company in 3 words?

- Synergy
- Audace
- Integrity
